

### **Step 1 – Preparing the shipment for YTZ Batteries only:**

The batteries that you are shipping are not considered dangerous goods therefore the only requirement is to add the words LTD QTY to each outer box that contains the **YTZ batteries only**.

#### **The batteries must:**

- Be shipped in a sturdy box with the name and address of the Dealer and the DC to which the batteries are being returned to.
- Add a label to the box with the words **LTD QTY**

**The batteries must never be shipped if they are leaking.**

**The boxes must display the words LTD QTY,**

**Step 2 – Preparing the Document**

There are no documentation requirements other than the normal B/L to send back to the DC.
